Re: Possible Refinance of the following City Bond Issue:

\$1,455,000 General Obligation Improvement Bonds, Series 2007A

Dear Craig:

Interest rates for municipal bonds continue to remain at favorable levels creating an opportunity for local units of government to consider refinancing existing debt to achieve debt service savings. Our review of the City's outstanding debt shows that the callable maturities of the Series 2007A may be considered for refinancing. The Series 2007A Bonds have a call date of February 1, 2017 and may be considered for an advance refunding provided that the net present value savings percentage is at least 3.00% or greater.

<u>Debt Service Savings</u> - The 2007A Bonds have an approximate remaining average interest rate of <u>4.54%</u>. Based upon the interest rates available in the current municipal bond market, new refunding bonds could be issued at an average interest rate of approximately <u>1.98%</u>. This interest rate reduction would result in a net debt service reduction of approximately <u>\$33,300</u> which is a <u>\$29,900</u> (4.85%) net present value savings. Note – this is a net savings in that any costs of issuance have already been considered.

Mountain Iron TPP Resolution.docx

Hey Gary/Craig,

Attached is the resolution we talked about opposing TPP, I could not find the data for some cities, so I kept St. Louis County figures in (those figures will work for all the cities up here). Please take a look through at the resolution and feel free to make adjustments if you would like.

Could you also please keep me posted on the status as it moves along? I am working with the rest of the Range delegation to put together some type of press event as a region (still have to work the details out) that all the local elected officials will be able to attend with us. I will keep you posted on that as details come together.

So far the following are going to introduce resolutions (more cities will be contacted, I am still working on reaching out to them):

- 1) Koochiching County
- 2) St. Louis County
- 3) Virginia
- 4) Eveleth
- 5) Gilbert
- 6) Eveleth
- 7) Mt. Iron
- 8) Biwabik
- 9) Aurora
- 10) Hoyt Lakes

Thanks for the quick turnaround and let me know if you have any questions, or concerns.

Thanks again,

Jason

RESOLUTION NUMBER 28-15

OPPOSING EXTENSION OF DISASTROUS TRADE POLICIES

WHEREAS, U.S. trade deals for the past 25 years have been corporate-driven, incorporating rules that skew benefits to economic elites while requiring working families to bear the brunt of such policies; and

WHEREAS, the growing trade deficits, driven by the North American Free Trade Agreement, China's accession to the World Trade Organization, and the U.S.-Korea Free Trade Agreement, have displaced 700,000 jobs and 3.2 million jobs, and 75,000 jobs respectively; and

WHEREAS, U.S. employment in manufacturing dropped by 5 million from 2000 to 2015; and

WHEREAS, the St. Louis County unemployment rate is 4.6%; and

WHEREAS, the St. Louis County poverty rate is 16.4%, which requires the expenditure of limited public funds to assist families in crisis; and

WHEREAS, jobs lost due to trade devastate families and entire communities and can permanently reduce lifetime earnings for hundreds of thousands of workers; and

WHEREAS, the long decline of the American manufacturing base—exacerbated by bad trade policies that reward outsourcing—has undermined our economic security and poses a direct threat to our national security; and

WHEREAS, the offshoring of manufacturing and service jobs deprives local and state governments of sorely needed revenues, jeopardizing the livelihoods of millions of public servants as well as construction workers whose jobs depend upon infrastructure building, repair and maintenance; and

WHEREAS, under NAFTA-style trade rules, the U.S. annual trade deficit has increased dramatically from 70 billion in 1993, the year before NAFTA went into effect, to more than \$508 billion in 2014; and

WHEREAS, the disproportionate voice of powerful global corporations in the formation of U.S. "free trade" agreements has advanced an agenda that undermines the public interest and threatens democracy; and

WHEREAS, NAFTA and all but two of the U.S. trade deals that followed it include special legal rights for foreign investors, known as "investor-to-state dispute settlement" or ISDS, that allow foreign firms to bypass state and federal courts to challenge state and local laws, regulations, and administrative and judicial decisions in international tribunals; and

WHEREAS, the TPP includes provisions locking in monopoly protections for expensive specialty drugs called biologics and constrict the government's ability to limit spending on drugs, potentially increasing drug costs for the government and all Americans; and

WHEREAS, foreign investors already have used NAFTA's ISDS provisions to challenge decisions regarding local building permits, state bans on toxic chemicals and decisions of state courts; and

WHEREAS, promoting economic growth with equity in Mountain Iron requires an approach that reforms the entire trade negotiation process to ensure that voices of workers, farmers, small businesses, families and communities are heard and their interests addressed; and

WHEREAS, the Trans-Pacific Partnership (TPP) has been negotiated in secret, effectively shutting state and local governments out of the process, limiting our ability to influence its rules to ensure the people of Mountain Iron can participate in the benefits of trade; and

WHEREAS, given the enactment of fast track trade negotiating authority, states, localities and their citizens will have no opportunity to correct shortcomings in the TPP since its text was not made public until it was final and no longer can be improved; and

WHEREAS, repeating old mistakes in negotiating new trade agreements such as the TPP represents a missed opportunity to strengthen our economy, reduce income inequality and promote sustainable growth.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF MOUNTAIN IRON, MINNESOTA, that it calls upon our elected officials in the U.S. Senate and U.S. House of Representatives to oppose the TPP and any similar trade deals if they fail to restructure the misguided and failed policies of the past; and

BE IT FURTHER RESOLVED, that the Mountain Iron City Council calls upon our elected officials in the U.S. Senate and U.S. House of Representatives to support new trade deals such as the TPP only if they will:

- Exclude investor-to-state dispute settlement (ISDS) and other provisions that favor foreign companies over domestic ones and undermine public choices;
- Ensure that countries cannot undercut U.S. based producers with weaker labor and environmental laws and enforcement;
- Ensure that the U.S. will engage in robust enforcement of trade rules, including labor and environmental rules;

- Include strong rule of origin to promote economic growth and job creation in the U.S.;
- Promote high standards of protection for workplaces, products, and natural resources rather than promoting a race to the bottom; and
- Put the interests of people and the planet over the interests of private profit.

DULY ADOPTED BY THE CITY COUNCIL THIS 16th DAY OF NOVEMBER, 2015.
