MINUTES MOUNTAIN IRON CITY COUNCIL July 16, 2018

Mayor Skalko called the City Council meeting to order at 6:32p.m. with the following members present: Councilor Alan Stanaway, Steve Skogman, Susan Tuomela, and Mayor Gary Skalko. Also present were: Craig J. Wainio, City Administrator; Tim Satrang, Director of Public Works; Amanda Inmon, Municipal Services Secretary;; SGT John Backman, Sheriff's Department. Absent: Councilor Joe Prebeg, Jr., Sally Yuccas, Library Director/Special Events Coordinator and Rod Flannigan, City Engineer.

It was moved by Skalko and seconded by Tuomela that the consent agenda be approved as follows:

- 1. Approve the minutes of the July 2, 2018, regular meeting as submitted.
- 2. That the communications be accepted and placed on file and those requiring further action by the City Council be acted upon during their proper sequence on the agenda.
- 3. To acknowledge the receipts for the period July 1-15, totaling \$988,690.16 (a list is attached and made a part of these minutes).
- 4. To authorize the payments of the bills and payroll for the period July 1-15, totaling \$605,528.55 (a list is attached and made a part of these minutes).

The motion carried on roll call vote with Councilor Prebeg absent.

Public Forum:

- Ed Roskoski spoke regarding the mural which was recently installed at the Mountain Iron Senior Center, which was purchased by the first graduating class of Mountain Iron in 1915
 - O Discussed why there was such a gap between the first discovery of Iron Ore, formation of the town and the first graduating class
- Director of Public Works, Tim Satrang informed that the mural which was given to the City of Mountain Iron was previously displayed in the old Mountain Iron-Buhl High School on the north side of the Main hall at the school, taken down during the 2000's renovation of the High School

The Mayor reported on the following:

- Condolences to the family and friends of Jack Zollar
- ➤ Happy Birthday to William "Billy" Riccio, turning 99 years on July 18th
- Happy Birthday to Elma Riccio, turning 93 years on July 30th
- Met with US Steel, plans are to demolish eight homes, currently boarded/closed up, within the Parkville area by October 1st
- Congratulations to the 6th & 8th Grade Girls Basketball team at the Pacesetter Minnesota Youth Basketball State Championship
- Congratulations on a job well done to the 7th & 8th Grade Boys Basketball team at the Great Five-State Championship

Walker, Giroux, and Hahne, LLC. Representative, Tom Kelly discussed the City of Mountain Iron's 2017 Audit and recommendations for the City.

Minutes – City Council July 16, 2018 Page 2

City Administrator:

- Iron Range Tykes Learning center, moving forward with footings and foundation work
- Great job to the Mountain Iron-Buhl 7th & 8th Grade Boys Basketball, won State Tournament, won one game but lost two at the Great Five-State Championship, held July 15th in Minneapolis, overall had a great year

It was moved by Skogman and seconded by Tuomela that the Council appoint the following to serve as an election judge for the August 14, 2018, Primary Election and the November 6, 2018, General Election:

Precinct #2-City Hall, Iroquois Room Sylvia Chad

And further, authorize them to be paid \$10.00 per hour for training, absentee processing (if needed), and election hours; as well as provide one hot meal to the election judges on election days. The motion carried with Councilor Prebeg absent.

Director of Public Works:

- Electric wire purchased will replace the wire around the Perkins and Walmart area and be a voltage upgrade
- Ditching crew out and about on gravel roads
- Crews out readjusting manhole covers

It was moved by Stanaway and seconded by Skogman to approve the quote from Border States, for the purchase of 3- 2750 foot rolls of Electric wire for the low price of \$16,454.13. The motion carried on roll call vote with Councilor Prebeg absent.

It was moved by Skogman and seconded by Stanaway to accept the recommendation from the Merritt Days Committee and block Main Street from Marble Avenue to Mesabi Avenue and extend Mountain Avenue blocking north to Locomotive Street, beginning at 7:00am on Friday, August 10th to the morning of Sunday, August 12th. The motion carried with Councilor Prebeg absent.

Sherriff's Department:

> No formal report

City Attorney:

No formal report

It was moved by Stanaway and seconded by Skogman to accept the recommendation of the Personal Committee and transfer Mr. Scott Novak from the position of Maintenance, Job Class 16, to the position of Journeyman Lineman, Job Class 22, effective immediately. The motion carried with Councilor Prebeg absent.

It was moved by Stanaway and seconded by Skogman to approve the 1 day Temporary On-Sale Liquor License for Sundberg Enterprise, LLC, dba: Sawmill Saloon and Restaurant to sell during the City of Mountain Iron's Merritt Days celebration on August 11, 2018. The motion carried with Councilor Prebeg absent.

Minutes - City Council July 16, 2018 Page 3

At 7:14 p.m., it was moved by Skalko and seconded by Skogman that the meeting be adjourned. The motion carried.

Submitted by:

Amahda Inmon

Municipal Services Secretary

Dear Energy Vendor:

The Energy Assistance Program (EAP) for the upcoming heating season will start October 1, 2018. Enclosed you will find a copy of the EAP FFY2019, Agreement Between Energy Vendor and Service Provider, a copy of Chapter 3 of the 2019 EAP manual entitled Energy Vendors, a Vendor Price List, and a Vendor Survey.

Please do the following:

- Read Chapter 3 Energy Vendors
- Read the 2019 Vendor agreement
- Complete the Vendor Price List and return with other requested documents
- Connected utilities Send a copy of your company's cold weather rule and disconnection policies
- Delivered fuel –Send a copy of your company's delivery policy
- Sign and return the agreement to Energy Assistance Coordinator, Jean Pelletier. Please note that our office will return a copy of the agreement to your company that contains all signatures.

Please return all completed documents to AEOA by August 20th, 2018.

EAP 2019 applications will be mailed to all previous year (EAP 2018) eligible households by mid-September. The early mailing will allow AEOA time to process applications prior to the onset of cold weather and prepare them for payment once federal funding is received.

Please feel free to call me if you have any questions at 218-748-7352. The Energy Assistance Program Staff looks forward to working with you in the coming program.

Thank you for your cooperation.

Sincerely,

Jean Pelletier Energy Assistance Manager 800-662-5711 7352 218-748-7352 Fax 612-465-5869 Jean.pelletier@aeoa.org

eHEAT Vendor ID #: _2252_____ Minnesota Energy Assistance Program FFY2019

Agreement Between Energy Vendor and Service Provider

Mountain Iron City of, 8586 ENTERPRISE DR S Mountain Iron MN 55768, and successor home energy providers, hereafter referred to as "the energy vendor", hereby agrees to cooperate with Arrowhead Economic Opportunity Agency (AEOA), hereafter referred to as "the Service Provider", and the Minnesota Department of Commerce (COMM), Energy Assistance Programs, hereafter referred to as "the State" to deliver the Minnesota Energy Assistance Program for Federal Fiscal Year 2019 (FFY2019), October 1,2018 through September 30, 2019.

I. The energy vendor and the Service Provider will:

- 1. Follow Energy Assistance Program (EAP) policies and procedures in the EAP Policy Manual (in particular Chapter 3).
- 2. Maintain accurate client and consumption information.
- 3. Comply with the MN Government Data Practices Act (MGDPA), MN Stat. Ch. 13, as it applies to all data provided by the energy vendor, the State, or its contractors under this agreement and as it applies to all data created, collected, received, stored, used, maintained or disseminated by the energy vendor or the Service Provider, in performing the duties under this agreement. To administer this program, the energy vendor and the service provider utilize a secure database with private information on individuals protected under the MGDPA. The energy vendor and Service Provider agree to not release any private data, including from the database, to any third party without written authorization from the subject of the data. By signing the application, applicants consent to the use of their private information for purposes of this agreement.
- 4. Use information obtained from energy vendor, the State, or its contractors for the sole purpose of performing responsibilities and duties for energy programs run by the State. Further, Service Provider and energy vendor shall implement and maintain appropriate and reasonable administrative, technical and physical safeguards to protect such information from accidental or unauthorized access, use, disclosure, and loss or destruction.
- 5. Negotiate for continuation or reconnection of service to households determined eligible for EAP benefits.
- 6. Establish a dispute resolution process to resolve issues arising during the term of this agreement.
- 7. Collaborate and do everything possible to ensure the customer has continuous access to home heating.
- 8. Minimize the risks of a customer's home energy crisis through the use of the EAP benefits.
- 9. Encourage regular payments from the household.
- 10. Collaborate to reduce home energy costs.
- 11. Work together to ensure EAP payments are appropriately applied to accounts and used for EAP services as designated by the Service Provider.

II. The Service Provider will:

- 1. Determine customer eligibility.
- Provide new and existing energy vendors with information about the eHEAT software system.
 - Encourage all energy vendors to become an eHEAT user, allowing them access to eligibility and benefit data "online".
 Provide necessary and/or ongoing training to energy vendors using eHEAT.
- 3. Make authorization through eHEAT, telephone, fax or electronic communication of payments for:
 - Electricity, heating sources and delivery of fuel.
 - Continuation or reconnection of connected utilities.
 - Fees including: service deposits, pressure tests, line bleeding, tank setting, tank rental, membership, if applicable.
 - Removal from load limiters.
 - Due and past due amounts for electricity and heating fuels.
- Maintain customer authorizations for exchange of private data between the Service Provider and the energy vendor.
- Enter account number into eHEAT in the format supplied by the energy vendor.

III. The energy vendor will:

- Ensure EAP eligible households are not treated adversely compared to other households. Oil and propane dealers are required to comply with the <u>Discrimination Prohibition</u> in Minn. Stat. §325E.027. In addition, propane dealers are required to comply with the following: <u>Price and Fee Disclosure</u>, <u>Budget Payment Plan</u>, <u>Propane Purchase Contracts</u>, and <u>Terms of Sale</u> in Minn. Stat. §§216B.0992 .0995.
- Supply account number format to the Service Provider.
- 3. Upon request, provide a written price list of normal & customary services for home energy costs including but not limited to:
 - Leak seek and pressure tests
 Reconnection fees
 - Bleeding lines
 Membership fees
 - Tank setting
 Minimum delivery requirements and costs
 Service deposits
 Emergency fuel and after hours delivery costs
- When possible deliver remaining EAP benefit before September 30, 2019.

COMMERCE DEPARTMENT ENERGY ASSISTANCE PROGRAM

5. Timely provide at the request of the customer, the Service Provider or the State, information on applicant households' home energy costs, dwelling consumption data, delivery dates, bill payment history, arrearage history or post-delivery information. This information will be provided in the format requested.

- Provide dwelling consumption data within 5 business days of the request in eHEAT. 6.
- 7. Respond promptly to consumption requests for crisis situations.
- 8. Register with the State to receive EAP payments.
- 9. Use the warrant or EFT date as the EAP payment date.
- 10. Apply all EAP payments to the households account within 5 business days of receipt of payment.
- 11. Apply EAP payments to the household's energy costs before applying other energy payments.
- 12. Accept all customer payments.
- 13. Use EAP funds to pay for home energy costs, including fuel and other routine and required services as designated by the Service Provider. Expenses such as service contracts, water, sewer, garbage, cable, internet, telephone, gasoline, machine parts, engine oil, etc. cannot be paid with EAP funds.
- 14. Continue service, reconnect or deliver fuel to households as negotiated by the Service Provider on behalf of the household.
- 15. When addressing household energy emergencies, when possible, accept eHEAT payment status of "Payable" for payment. When eHEAT is not available, accept early notification authorization by telephone, fax or electronic communication for delivery of fuel, continuation or reconnection of connected utilities, or service deposits, and removal from load limiters.
- Accept a household application status in eHEAT of "approved" as income eligibility validation for EAP.
- 17. Report dangerous heating or fuel delivery situations for EAP households to the Service Provider.
- 18. Process and refund to the State any refunds requested by the Service Provider within 10 business days.
- 19. Process and refund to the State all credits attributable to EAP payments remaining on a customer's account within 10 business days after a client ceases to be a customer.
- 20. Notify the Service Provider or State if there is reason to believe EAP funds have been misused as described in the EAP Policy Manual.
- 21. Allow the Service Provider or State access to fiscal records of EAP transactions for audit purposes for period of three (3) years after
- 22. Complete and return the Vendor Monitoring Report and the EAP Leveraging Report, when requested.
- 23. Use eHEAT when possible to administer EAP program business, including but not limited to:
 - **Providing consumption**

- Monitoring eligibility and payments
- Maintaining energy vendor account numbers
- Recording refunds
- 24. Implement and maintain eHEAT database security policies by:
 - Limiting access to authorized personnel only
 - Ensuring each user is assigned a unique user ID
 - Ensuring email addresses associated with each user ID are current
- Disabling users immediately upon termination of their role in the service delivery of EAP
- Disabling users who are on a temporary leave of absence, extended vacation, etc.
- IV. Either party to this agreement may terminate it at any time, with or without cause, upon thirty days written notice to each other and the State.

Mr. Craig Wainio, City Administrator City of Mountain Iron 8586 South Enterprise Drive Mountain Iron, MN 55768

Re: Woodland Estates Residential Development Phase 1

City of Mountain Iron
Project No.: MEDA15-02

Dear Mr. Wainio;

Enclosed please find Final Pay Request No. 8 for Woodland Estates Residential Development Phase 1 project in the amount of \$34,733.07, for approval at your next scheduled City Council meeting. This releases all of the retainage for this project.

Also, enclosed, please find Final Change Order No. 1. Change Order No. 1 reduces the contract amount the actual amount of work performed. This Change Order decreases the Contact Amount by \$56,469.98. Please approve Change Order No. 1 first, and then consider the final payment request. Please refer to the enclosed pay request breakdown for a summary of items completed. Also enclosed are the contractor's IC-134 form for your review.

Please refer to the enclosed pay request breakdown for a summary of items completed.

If you have any questions or need additional information please do not hesitate to contact me.

Sincerely,

Benchmark Engineering, Inc.

Alan J. Johnson, P.E. Project Engineer

Re:

Nichols Wastewater Pond Decommissioning

City of Mountain Iron Project No.: MI15-05

Dear Mr. Wainio;

Enclosed please find Pay Request No. 5 for the Nichols Wastewater Pond Decommissioning project in the amount of \$138,493.42, for approval at your next scheduled City Council meeting. This amount includes withholding 5% retainage on work completed to date.

Please refer to the enclosed pay request breakdown for a summary of items completed.

If you have any questions or need additional information please do not hesitate to contact me.

Sincerely,

Benchmark Engineering, Inc.

AIR PACK INSPECTION POLICY

Policy Number 2018-02

Adopted August 6, 2018

I. Policy

All active Mountain Iron firefighters, officers, captains, Assistant Fire Chief and Fire Chief will be assigned to do air pack inspections per an established list by the Fire Chief or designee. The list will be updated annually and when there are department staff changes. The Air Pack Inspection Assignment List will be posted on the wall by the main fire hall entrance. The Mountain Iron Fire Department utilizes Occupational Safety and Health Administration (OSHA) Standard 9 CFR 1910.134 for anticipatory guidance.

Personnel are responsible for knowing their inspection date(s) and air packs to be inspected. The following are components of the Air Pack Inspection:

- Assignment of Air Pack Inspection Procedure
- Air pack inspection completed by 20th of month date due
- Rapid Intervention Team (RIT) inspection
- Filling Self Contained Breathing Apparatus (SCBA)
- Bad Order Equipment Procedure
- Insure equipment is user ready
- Documentation of inspection per OSHA Standard 29 CFR 1910.134

The Mountain Iron Fire Department personnel will be required to read this policy upon approval by the City Council and any future revisions. New personnel will be required to read the policy during initial orientation training. A signed statement acknowledging reading of the policy and any revisions will be on file with the department per City of Mountain Iron record retention policy.

I hereby acknowledge that I have read and u Department Air Pack Inspection Policy written	
Print Firefighter Name	Badge Number
Firefighter Signature	Date

and on the form, add firefighter comments to the form, and add record retention to the policy. Discussion about review by Personnel Committee.

Motion by S. Skogman and second by M. Soyring to approve the Firefighter Performance Review Policy and Procedure with Appendix A Performance Review form and Appendix B Scoring Matrix with the discussed corrections to the Personnel Committee. Motion carried. Al Stanaway will forward the policy and procedure to the Personnel Committee.

June 26, 2018 draft copy MIFD Air Pack Inspection Policy reviewed. Discussion to add language about record retention. Motion by M. Ratai and second by S. Hunter to approve the MIFD Air Pac Inspection Policy with the record retention language added. Motion carried. Al Stanawy will forward policy to the City Council for August 6th meeting.

Open Discussion:

Request for "Slow Down" signage by new day care center on Hwy. 102. Sgt. Backman will contact the St. Louis County Traffic Engineer with request.

Discussion about City of Mountain Iron Emergency Operations Plan (EOP) and Supplement that was sent by City Administrator Craig Wainio this past week for Board review. M. Ratai pointed out items that need to be corrected and will send e-mail to Craig Wainio. S. Skogman recommended adding Arrowhead EMS Critical Incident Stress Management to the plan Index and/or Supplement. Request made to have list of items that were updated. Al Stanaway and Steve Skogman have the old plan for comparison. Plans to have City Council review EOP at August 6, 2018 meeting.

Motion by S. Skogman and second by M. Ratai to adjourn the meeting at 8:03. Motion carried. Meeting adjourned.

Submitted by: Margaret Ratai

RICARDO R. COLDAGELLI 7939 LONG LAKE ROAD EVELETH, MN 55734

July 16, 2018

Mr. Craig Wainio 8586 Enterprise Drive South Mountain Iron, MN 55768

Dear Mr. Wainio,

This is my official letter of resignation to you and the City of Mountain Iron Council.

My last day of employment will be August 31, 2018.

I want to thank the City of Mountain Iron for the privilege of being an employee for the past twenty-five years.

Sincerely,

Ricardo R. Coldagelli

NOTICE OF PUBLIC HEARING

The Planning and Zoning Commission of the City of Mountain Iron will hold a public hearing on Monday, July 23, 2018 at 6:05 p.m. in the Mountain Iron Room of the Mountain Iron Community Center.

The purpose of the public hearing is to rezone certain Parcels in the City of Mountain Iron and to revise Land Use Provisions:

Rezone the following from Industrial to Commercial (Nichols Park Addition)

Lot 3, Block 2, NICHOLS PARK Parcel 175-0035-00120

Lot 4, Block 2, NICHOLS PARK Parcel 175-0035-00130

Lot 5, Block 2, NICHOLS PARK Parcel 175-0035-00140

Lot 6, Block 2, NICHOLS PARK Parcel 175-0035-00150

Lot 7, Block 2, NICHOLS PARK Parcel 175-0035-00160

Add following language to Land Use Provisions:

- a. 154.028 (B)
 - a. (8.) Entertainment, cultural, recreation and amusement establishments
- b. 154.027 (B)
 - a. Licensed day care Facility

The public can present its opinions at the public hearing or by letter addressed to the Zoning Administrator, City of Mountain Iron, City Hall, 8586 Enterprise Drive South, Mountain Iron, MN, 55768-8260.

By Order of the Planning and Zoning Commission Jerry D. Kujala Zoning Administrator www.mtniron.com

Mountain Iron Planning and Zoning Commission July 23, 2018

Meeting was called to order at 6:00 p.m. by Chairman Steve Skogman.

Those Present: Jim Techar, Barb Fivecoate, Steve Erickson, Tim Johnston, Steve Skogman, Margaret Soyring, and Jerry Kujala, Planning and Zoning Administrator.

Motion by Fivecoate and supported by Erickson to approve the minutes of the July 9, 2018 meeting as presented. Motion carried.

Motion by Fivecoate and supported by Techar to recess the meeting and open the public hearing at 6:05 p.m. Motion carried.

The purpose of the public hearing is to rezone certain Parcels in the City of Mountain Iron and to revise Land Use Provisions.

Rezone the following from Industrial to Commercial (Nichols Park Addition)

Lot 3, Block 2, NICHOLS PARK, Parcel 175-0035-00120

Lot 4, Block 2, NICHOLS PARK, Parcel 175-0035-00130

Lot 5, Block 2, NICHOLS PARK, Parcel 175-0035-00140

Lot 6, Block 2, NICHOLS PARK, Parcel 175-0035-00150

Lot 7, Block 2, NICHOLS PARK, Parcel 175-0035-00160

Add following language to Land Use Provisions:

a. 154.028 (B)

a. (8.) Entertainment, cultural, recreation and amusement establishments

b. 154.027 (B)

a. Licensed Day Care Facility

Ed Roskoski asked if the rezoning was for the Iron Range Tykes Day Care Center.

Ed Roskoski spoke against changing the language to Land Use Provisions stating that there are industrial zones relatively close to homes in the City and was against unsuitable businesses being put in these areas.

There were no communication received on any of the issues.

Motion by Soyring and supported by Fivecoate to close the public hearing and return to the regular meeting. Motion carried.

Motion made by Techar and supported by Fivecoate to recommend to the City Council to rezone from Industrial to Commercial, lots 3-7, block 2, Nichols Park. Motion carried

Motion made by Soyring and supported by Fivecoate to recommend to the City Council to add language to 154.028 (B) (8.) Entertainment, cultural, recreation and amusement establishments. After discussion it was moved by Techar and supported by Erickson to amend the motion to add the language to 154028 (C) instead of (B). Techar, Johnston, Skogman, Erickson, Fivecoate in favor. Soyring against Motion carried.

Motion by Fivecoate and supported by Techar to recommend to the City Council to add language to 154.027 (B) a. Licensed day care facility. Motion Carried.

COUNCIL LETTER 080618-VIC

PUBLIC HEALTH AND SAFETY

RESOLUTION 20-18

DATE:

August 2, 2018

FROM:

Public Health and Safety Board

Craig J. Wainio
City Administrator

The Public Health and Safety Board in conjunction with City staff and Bonnie Hundrieser of ARDC, work to update the City's Emergency Operations Plan. Our previous plan was adopted in 2014, this plan is part of a larger east range initiative to get all the communities on the same page with their plans. Though the guidance of the Public Health and Safety Board, Mountain Iron played a lead role in emergency preparedness planning for the entire east range area. This plan will be used as guidance for all possible disasters, natural or manmade. Public Health and Safety recommends to the City Council that the Mountain Iron Emergency Operations Plan be adopted.

CITY OF MOUNTAIN IRON

RESOLUTION NUMBER 20-18

ADOPTING THE REVISED EMERGENCY OPERATIONS PLAN (EOP)

WHEREAS, the City of Mountain Iron and surrounding municipalities may be subjected to emergencies and disasters of all types; and

WHEREAS, the City of Mountain Iron will continue to be prepared to respond during emergencies and disasters to protect public peace, health and safety and to preserve lives and property of the people; and

WHEREAS, the City of Mountain Iron will continually plan and prepare an all-hazards Emergency Operations Plan (EOP) for the municipality, which consists of the Basic Plan, supporting Functional and Hazard-Specific Annexes, and implementation instructions where applicable (emergency policies, procedures, checklists, and the like); and

WHEREAS, the EOP shall provide prompt and effective emergency response procedures to be followed in the event of a major emergency or disaster; and

WHEREAS, this EOP is applicable to the entirety of the City of Mountain Iron and has been coordinated to be consistent and correlated with the EOP's of St. Louis County and neighboring jurisdictions in the East Range area of St. Louis County.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF MOUNTAIN IRON, MINNESOTA, that it does hereby approve, adopt and place into immediate effect the attached revised Emergency Operations Plan (EOP)

BE IT FURTHER RESOLVED, Adoption of this plan shall cause all previous plans to be repealed and staff shall be authorized to distribute the revised plan to the organizations and individuals identified therein.

PHONE: 218-748-7570 = FAX: 218-748-7573 = www.mtniron.com 8586 ENTERPRISE DRIVE SOUTH = MOUNTAIN IRON, MN = 55768-8260

RESOLUTION NUMBER 21-18

RECEIVING REPORT AND CALLING HEARING ON IMPROVEMENT

WHEREAS, pursuant to Resolution Number 15-18 of the City Council adopted May 21, 2018, a report has been prepared by Benchmark Engineering with reference to the improvement of Mountain Iron Drive between 12th Street and the Southerly Corporate Limits of the City of Mountain Iron by Road Reconstruction, Alignment and Drainage Improvements and this report was received by the City Council on August 6, 2018, and;

WHEREAS, the report provides information regarding whether the proposed project is necessary, cost effective, and feasible; whether it should best be made as proposed or in connection with some other improvement; and the estimated cost of the improvement as recommended.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF MOUNTAIN IRON, MINNESOTA:

- 1. The City Council will consider the improvement of such streets in accordance with the report and the assessment of abutting property for all or a portion of the cost of the improvement pursuant to Minnesota Statutes, Chapter 429 at an estimated total cost of the improvement of \$800,000.
- 2. A public hearing shall be held on such proposed improvement on the 15th day of October, 2018, in the Mountain Iron Room of the Community Center at 5:30 p.m. and the City Administrator shall give mailed and published notice of such hearing and improvement as required by law.

BACKGROUND

On May 21, 2018, the City of Mountain Iron authorized the preparation of a feasibility study and estimates for the Mountain Iron Drive Improvements Project. The project shall consist of street improvements to the following segments:

Mountain Iron Drive – Between Mountain Iron Drive/South South City Limits and 12th
 Street – Segment A

This feasibility study is a step required by the City of Mountain Iron's assessment policy adopted on December 18, 2007, pursuant to Minnesota Statutes, Chapter 429.

In the spring of 2018, City of Mountain Iron public works staff and Benchmark Engineering reviewed a City wide survey of street and alley conditions. As a part of this work, the street and alley infrastructure was given a condition rating in an attempt to have a City wide summary of work needed and establish priorities for 5-10 years of construction projects. Each year the City of Mountain Iron examines this priority list to determine goals and scope for the upcoming capital projects. These reconstruction segments have been identified by the City Council and City Staff as priorities for the 2019 Street Improvements Project.

This feasibility study will review the existing conditions, discuss the different rehabilitation and repair options, and provide cost estimates for each proposed improvement alternative for the public hearing.

The last improvement to this segment occurred in 1998.

The constraints on this current segment is the width of the street in areas along with the sharp curves. City Staff asked the curves be reviewed to attempt to make these curves safer, as they noted large vehicles and trucks with trailers do appear to wander over the centerline due to the sharpness of the curves and the street width.

EXISTING CONDITIONS

Mountain Iron Drive – Between 12th Street and City Limits – Segment A

This segment in a connector for a mainly commercial area. Business are located on the East and West side at the north end of this segment then mainly on the west side for the majority of the segment.

Going from north to south the segment navigates two curves, which are fairly sharp as it meanders through the right of way. The street segment mainly connects to parking areas for commercial properties but connect also provides access to other commercial properties and industrials areas to the south. A fair amount of heavy truck traffic is noted along this segment

as a result of deliveries to and from the commercial property adjacent to the segment and nearby. A traffic study was not completed for this report.

The existing curb and gutter along this street are fairly flat resulting in standing water in areas following a rain or snow melt. The standing water has gone through freeze and thaw cycles causing potholes and severe cracking on portions of the road segment. The current drainage paths are flat, which causes pooling when small amount of sediment build up on the curb lines or in a drainage flume along the east side of the street near the south end.

This segment consists of a bituminous surface, approximately 1200' long and 25' to 32' wide. The width narrows through the 2 major curves then widens following the curves to the north and south. There is extensive longitudinal, horizontal and alligator cracking along the roadway. Sidewalk on the North entrance is broken and cracked as well. There is minimal storm sewer located throughout this segment, mainly drainage crossings. A watermain is located along the east side of this segment out from the street.

This segment contains minimal amounts of storm sewer. A pair of catch basin are located in the middle of the segment, the storm sewer appears to be inadequately sized to drain the entire street segment.

The existing alignment and current Right of Ways are shown on Alignment A in the Appendix

A review of the curves shows they do not meet MNDOT State Aid standards for a 30 MPH design or a 25 MPH design which would be a typical design speed for a commercial area. City staff asked that the 2 curves be reviewed for safety improvements as trucks occasionally have been noted to travel over the centerline and an accident has occurred within the curved sections.

According to available records, other than minor patching, there have been no major overlays to this segment.

ENVIRONMENTAL ISSUES

There are no known environmental issues present or anticipated with any of the street reconstruction work for these proposed segments. Soil boring are recommended to identify any soil conditions that may require any soil corrections.

RECONSTRUCTION RECOMMENDATIONS

Upon reviewing these street segments with City Staff, a complete reconstruction is recommended to enhance the design life of the street segment. Due to the poor condition of the surface drainage and underlying subgrade, a bituminous overlay—or mill and overlay—is

not recommended for this section. Improvements to the surface drainage are also needed, as the grades are fairly flat making the storm water runoff a challenge.

Alternative 1 – Reconstruct following the existing alignment and widening to a consistent width

See Existing Alignment "A" in the Appendix (Sheet 1 of 5). The proposed reconstruction of the street between 12th Street and 17th Street South would consist of several steps. The existing pavement and subgrade, curb and gutter and storm sewer structures and pipe would be removed. Curb and gutter and storm sewer structures and pipes would be replaced. The pavement structure would be replaced with 5" of bituminous, 12" aggregate base, 24" of select granular borrow, geotextile fabric and draintile or a section recommended following a geotechnical report. The road would graded to control water runoff from the adjacent parking lots and streets. New curb and gutters would be constructed to control the storm water runoff.

Additional storm sewer would be constructed, and connected to the City of Virginia's storm sewer system. The road would be widened to 16 foot drive lanes through the curves to match the areas to the north and south of the curves which would remain very similar to current alignment. Changes to the road grades could would improve the surface drainage. Additional catch basins would be installed to collect the stormwater from the street.

Access will be an issue for the businesses adjacent during construction. The project could be completed in 2 Phases, a north half and south half, which would allow access to nearly all the businesses during the project, but limit through traffic during the construction.

The estimated budgetary cost for this alternative is approximately **\$650,000**. This proposed alternative could be funded by accessing adjacent property owners for this project.

Very similar curves would be constructed throughout this project for this alternative, meaning there would be on the two curves of concern which city staff requested should be addressed. Benchmark Engineering, Inc. will not recommend this alternative unless property acquisition is not possible for other alternatives is not possible. If this alternative is chosen Benchmark Engineering, Inc. recommends exploring other safety enhancements along the curves to minimize any potential liability from future accidents.

Benchmark Engineering Inc. assumed a section of for this report based on past experience but soil boring and a geotechnical report are recommended to determine the section for this project, to provide an adequate roadway design.

Alternative 2 – Reconstruct for a 25 MPH Design speed

See Concept Alignment "B" in the Appendix (Sheet 2 and 3 of 5). This alternative would require the acquisition of private property for additional right of way and construction. The project would include improvement to the storm sewer similar to Alternative 1. The Alternative also

proposed using a similar road section to Alternative 1, which was 5" of bituminous, 12" aggregate base, 24" of select granular borrow, geotextile fabric and draintile or a section recommended following a geotechnical report

This alternative would require the acquisition of 2,800 square feet of private property for additional right of way and construction wider curves and road way widening. The land need mainly consists of a former Country Kitchen parcel. The parcel acquisition may slightly affect how the current parking lot is situated, the parking lot would need to be restriped if the business is reopened. It currently appears that the lot would lose approximately 9 parking spaces as a result of this proposed alignment. A further study in to the private lot could be completed following a discussion with the current owner on future plans.

This alternative would widen the road segment to a consistent 32 feet wide roadway, softening of the curves to provide additional safety enhancements. This proposed alignment would improve the safety of the two corners the city staff requested that be reviewed.

Access will be an issue for the businesses adjacent during construction. The project could be completed in 2 Phases, a north half and south half, which would allow access to nearly all the businesses during the project, but limit through traffic during the construction.

The estimated budgetary cost for this alternative is approximately \$720,000. This cost does not include the cost of acquiring the property for this proposed alignment. This proposed alternative could be funded by accessing adjacent property owners for this project.

Benchmark Engineering Inc. assumed a section of for this report based on past experience but soil boring and a geotechnical report are recommended to determine the section for this project, to provide an adequate roadway design.

Alternative 3 – Reconstruct for a 30 MPH Design speed

See Concept Alignment "C" in the Appendix (Sheet 4 and 5 of 5). This alternative would require the acquisition of private property for additional road right of way and construction. The project would include improvement to the storm sewer similar to Alternative 1. The Alternative also proposed using a similar road section to Alternative 1, which was 5" of bituminous, 12" aggregate base, 24" of select granular borrow, geotextile fabric and draintile or a section recommended following a geotechnical report

This alternative would require the acquisition of 9,400 square feet of private property for additional right of way and construction. The land need mainly consists of a former Country Kitchen parcel. The parcel may slightly affect how the current parking lot is situated, the lot would need to be restriped and potential expanded if the business is reopened. It currently appears that the parking lot would lose approximately 22 parking spaces as a result of this

proposed alignment. This alignment may also affect access around the southwest corner of this building. A further study in to the private lot could be completed following a discussion with the current owner on future plans.

This alignment was based off of Minnesota Department of Transportation Standards. The curve radius are what is expected to on a 30 mph route to minimize liability to the Owner and provide a consistent roadway throughout Minnesota.

This alternative would widen the road segment to a consistent 32 feet wide roadway, softening of the curves to provide additional safety enhancements. This proposed alignment would improve the safety of the two corners the city staff requested that be reviewed.

Access will be an issue for the businesses adjacent during construction. The project could be completed in 2 Phases, a north half and south half, which would allow access to nearly all the businesses during the project, but limit through traffic during the construction project.

The estimated budgetary cost for this alternative is approximately \$808,000. This cost does not include the cost of acquiring the property for this proposed alignment. This proposed alternative could be funded by accessing adjacent property owners for this project.

Benchmark Engineering Inc. assumed a section of for this report based on past experience but soil boring and a geotechnical report are recommended to determine the section for this project, to provide an adequate roadway design.

OPINION OF COST SUMMARY

The following chart gives an estimated construction cost for each segment addressed. The construction cost estimates include design and construction engineering estimated fees and a contingency.

Description	*Estimated Cost		
Reconstruct following the existing alignment	\$650,000		
Reconstruct for a 25 MPH Design speed	\$720,000		
Reconstruct for a 30 MPH Design speed	\$808,000		

^{*}Estimated Costs include a 10% Contingency and Design & Construction Engineering. Estimated costs do not include the cost to acquire additional property.

OVERALL SUMMARY & CONCLUSIONS

The Mountain Iron City Council requested that Benchmark Engineering, Inc. study the feasibility of improvements to the segment. Based upon typical reconstruction alternatives for similar project types, a cost comparison, condition of the segment, and input from City staff; this segment was evaluated to determine the feasible reconstruction options.

Benchmark Engineering, Inc. recommends that the City of Mountain Iron attempt to acquire additional property for this street segment improvements and work with the property owner towards making the alignment a safer route with curves meeting MNDOT road standards. If property is unavailable, Benchmark Engineering, Inc. can study other Alternatives such as eliminating large vehicle traffic from curves, additional signage improvements, other options, and condemnation proceeding for acquiring the needed property to make any necessary safety enhancements.

In addition, soil borings for a geotechnical evaluation of each segment are recommended to confirm the existing soil conditions for a proper design. A better understanding of the soil will ensure a longer life for the streets.

It is our opinion that based upon each street segments existing condition, recommended reconstruction options are functionally feasible and necessary as a continuation of the City of Mountain Iron's street & utility maintenance program.

Mr. Craig Wainio, City Administrator City of Mountain Iron 8586 South Enterprise Drive Mountain Iron, MN 55768

Re:

2018 Downtown Sanitary Sewer Improvements

City of Mountain Iron Project No. MI18-05

Dear Mr. Wainio,

Benchmark Engineering is nearing the completion of the construction plans and specifications for the downtown sanitary sewer slip-lining project.

At this time, Benchmark Engineering is requesting City Council action to first approve the Plans and Specifications and then to advertise for bids for the above-referenced project. The project will be advertised for 21 days, and a tentative bid opening would be set during the week of August 27. Bids could be considered at a council meeting in September.

A draft set of plans will be available for review prior to your next City Council meeting.

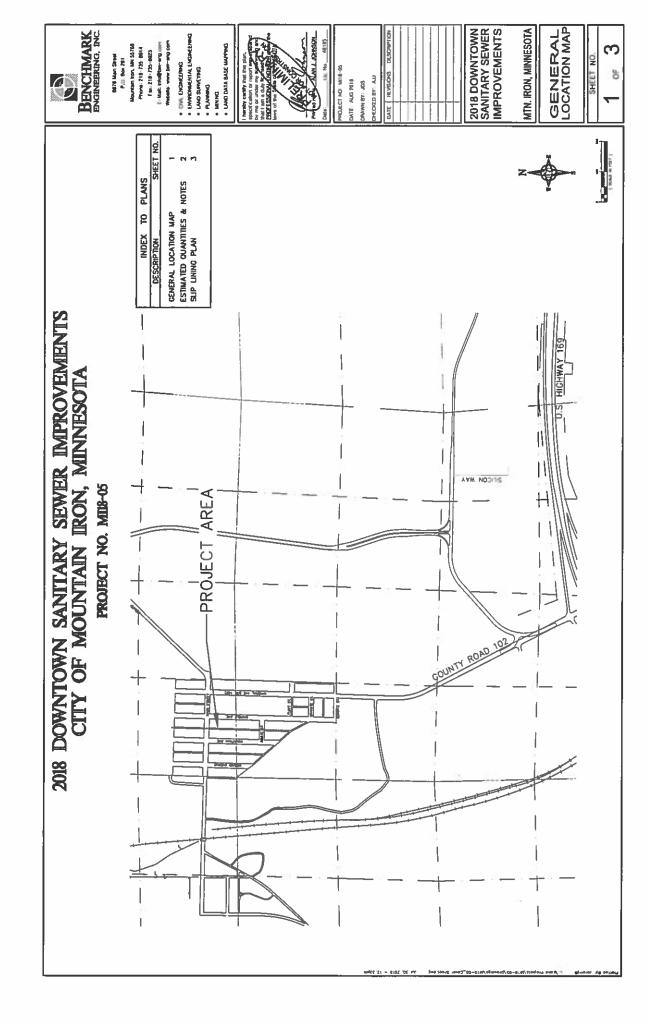

If you have any questions or need additional information please do not hesitate to contact our office

Sincerely,

Benchmark Engineering, Inc.

Jeremy D. Schwarze, PE

Project Engineer

City of Mountain Iron 8586 South Enterprise Drive Mountain Iron, MN 55768

City of Mountain Iron,

Sundberg Enterprises, LLC dba The Sawmill Saloon and Restaurant is requesting permission to serve food and alcohol at the following upcoming event (Wedding Reception). The event is scheduled August 11, 2018. The event is being held at the Mountain Iron Community Center.

Copies of our liquor liability insurance and our catering permit are on file with the City Offices.

Any questions, I can be reached at 218.741.8681 or 218.391.3147.

Thank you

Chad Nesselroad

Banquet Manager, Sundberg Enterprises, LLC

To whom it may concern

Bg's bar and Grill here by requests your permission to provide alcoholic beverages for

Montana Johnson

on Aug. 18th 2018 All rules and laws will be strictly adhered to at all times.

Thank You,

Bg's Bar & Grill

City of Mountain Iron Craig Wainio, Administrator 8586 Enterprise Drive S Mt Iron MN 55768-8260

Dear Community Official:

The purpose of this letter is to inform you that, on or about September 1, 2018, Mediacom will be implementing the following rate adjustments:¹

Product:	Old Rate:	New Rate:	Net Change:
Xtream Bronze Package	\$159.98	\$169.98	\$10.00
Xtream Silver Package	\$179.98	\$189.98	\$10.00
Xtream Gold with HBO	\$199.98	\$209.98	\$10.00
Package			<u></u>
Xtream Gold with	\$199.98	\$209.98	\$10.00
Showtime/Starz Package			
Xtream Platinum Package	\$219.98	\$229.98	\$10.00
TV Essentials 60 Triple	\$139.98	\$149.98	\$10.00
Play Package			
Family 60 Triple Play	\$159.98	\$169.98	\$10.00
Package			
Family 60 Triple Play with	\$179.98	\$189.98	\$10.00
HBO Package			
Family 60 Triple Play with	\$179.98	\$189.98	\$10.00
Showtime/Starz Package			
Family 60 Triple Plus	\$199.98	\$209.98	\$10.00
Package			
Additional TiVo Receiver	\$5.00	\$6.00	\$1.00
Internet 60 with 150 GB	\$34.99	\$39.99	\$5.00
Data Allowance			
Internet 60 with 250 GB	\$54.99	\$59.99	\$5.00
Data Allowance			
Late Payment Charge	\$8.50	\$10.00	\$1.50
Local Broadcast Surcharge	\$12.05	\$12.61	\$0.56

¹ Depending on the terms of their offer, customers in certain promotional packages may not be impacted by the changes to the Xtream, TV Essentials or Family 60 packages until the conclusion of their respective promotional period.

The decision to make price adjustments is always a difficult one. However, our programming expenses, particularly with respect to broadcast television and sports channels, are escalating at a pace well in excess of inflation. Other costs, such as health insurance, employee wages, postage and certain operating expenses continue to increase, necessitating some changes in what we charge our customers.

Mediacom has long believed that the best way to serve our communities is to constantly reinvest in our network. As part of a 3-year, \$1 billion capital investment plan announced in 2016, Mediacom aggressively installed the newest generation of broadband technology throughout its entire internet service territory. As a result, virtually all of the 3 million homes and businesses across our 22 state footprint now have access to 1 Gig broadband speeds.

In addition, Mediacom has broadly launched a low-cost high-speed internet service for low-income customers featuring 10 Mbps download speeds for \$9.95 per month. The service, called Connect2Compete, is offered in partnership with EveryoneOn and is available to families with students participating in the National School Lunch Program. Additional information is available at www.mediacomc2c.com.

Mediacom appreciates the opportunity to continue to serve your community's telecommunications needs. If you have any questions, please contact me directly at (507) 837-4878 or tsunde@mediacomcc.com.

Sincerely,

Theresa Sunde
